

Memo To: Class II Advisory Committee Members
From: Nelson Westrin, Vice-Chairman
Date: April 1, 2005
Re: Cancellation of Public Hearing Schedule

It is taking much longer than expected to complete our review of the large volume of written comments that we received on the current working drafts of the proposed Class II regulations standards. As a result, we will be further delayed in publishing the proposed rules in the Federal Register. Consequently, we've decided to cancel the current public hearing schedule and reschedule the hearings after the proposed rules are published. This will ensure that all interested parties will have an opportunity to read and study the proposed rules before the public hearings are held.

Attached is a copy of the press release issued today postponing the public hearing schedule.

When the next draft regulations are completed and ready for publication, we will forward you a courtesy copy. In the interim, if you have any questions regarding the proposed rules or post-publication comment and hearing process, please contact me immediately.
